Multi-Zone ART Workstation with MIRI® Chambers

Provides superior condition for stable IVF preparation

The workstation is now even better with its integrated MIRI® chambers to further secure your embryos while inside the workstation. The MIRI® incubator is popular for its top-notch features such as stable culture environment and faster parameter recovery.

Key Features

Multi-Zone Heating System
Up to 12 independent heating zones per working area with their own heating elements and sensors for excellent uniformity.

MIRI® Chambers
Your embryos are more secure than ever with the integrated MIRI® chambers, known for its stable and precise temperature output.

Support Stand Options
More options to choose from to meet your requirements.

Stainless-Steel Table-Top
The main material used in the table-top surface is stainless-steel, which ensures its strength and rigidity.

Microscope Integration Provision
Ability to integrate most popular stereoscopic and inverted microscopes is provided.
## Optional Accessories

Support Stand:
- With leveling feet
- With Caster Wheels
- Motorized stand with Caster Wheels
